

IIM-Bangalore launches short-term leadership coaching programme for Managers.

By Education Desk: February 16, 2024

The Indian Institute of Management, Bangalore (IIMB) has launched a certificate programme in Leadership Coaching. This nine-month programme is designed to empower practising managers and leaders to unlock their full coaching potential and positively influence their teams.

This programme will begin on April 1 and will comprise a blend of in-person sessions and live, online sessions, spread over the nine-month period. The course content is divided into three modules, with the first module focusing on the essence of coaching and developing individual as well as interpersonal effectiveness. The second module delves into the details of practising and expanding coaching skills, while the last module allows participants to practically build their 'Coaching Muscle'.

After the successful completion of the programme, IIMB EEP alumni status will be granted to participants, and the coaching certification will help them obtain ICF-certified ACC-level coach accreditation.
