IDEAS FOR REFLECTION

Special attention is to be paid to young girls and women, who are often marginalised by education and society. This is a priority and a strategic choice. In the Encyclical letter Fratelli tutti (no.23), Pope Francis writes, “The organization of societies worldwide is still far from reflecting clearly that women possess the same dignity and identical rights as men. We say one thing with words, but our decisions and reality tell another story. Indeed, doubly poor are those women who endure situations of exclusion, mistreatment, and violence, since they are frequently less able to defend their rights.”
